BASKETBALL

The Inter Varsity started their model losing season by getting victory only at the start. The squad never despaired continuously improving the late check ball yesterday running on in time. However the Junior Varsity had an altogether different season managing over their opponents and emerging victors as City Champs.

WRESTLING

The wrestlers displayed a winning spirit suffering only one setback throughout the entire season. In tournament action, our grapplers faired equally well as indicated by their strong third place finish in the City League Championships. Several returning lettermen and an undefeated Junior Varsity assure their continued success.

ACTIVITIES

The idle man does not know what it is to enjoy rest. Hard work, moreover, not only tends to give us rest for the body, but, what is even more important, peace to the mind.

- Sir John Lubbock

TITAN BAND

The St. John's marching band not only made flashy appearances in the football field, but also enhanced the atmosphere at SJ by playing at such events as the Opera House and the Christmas Festival.

Mrs. Evelyn Wolcott
Treasury's Office.

Mrs. Rosemary Sprunk
Treasury's Office.

Mrs. Jean Voegeli
Secretarial.

CHESS CLUB

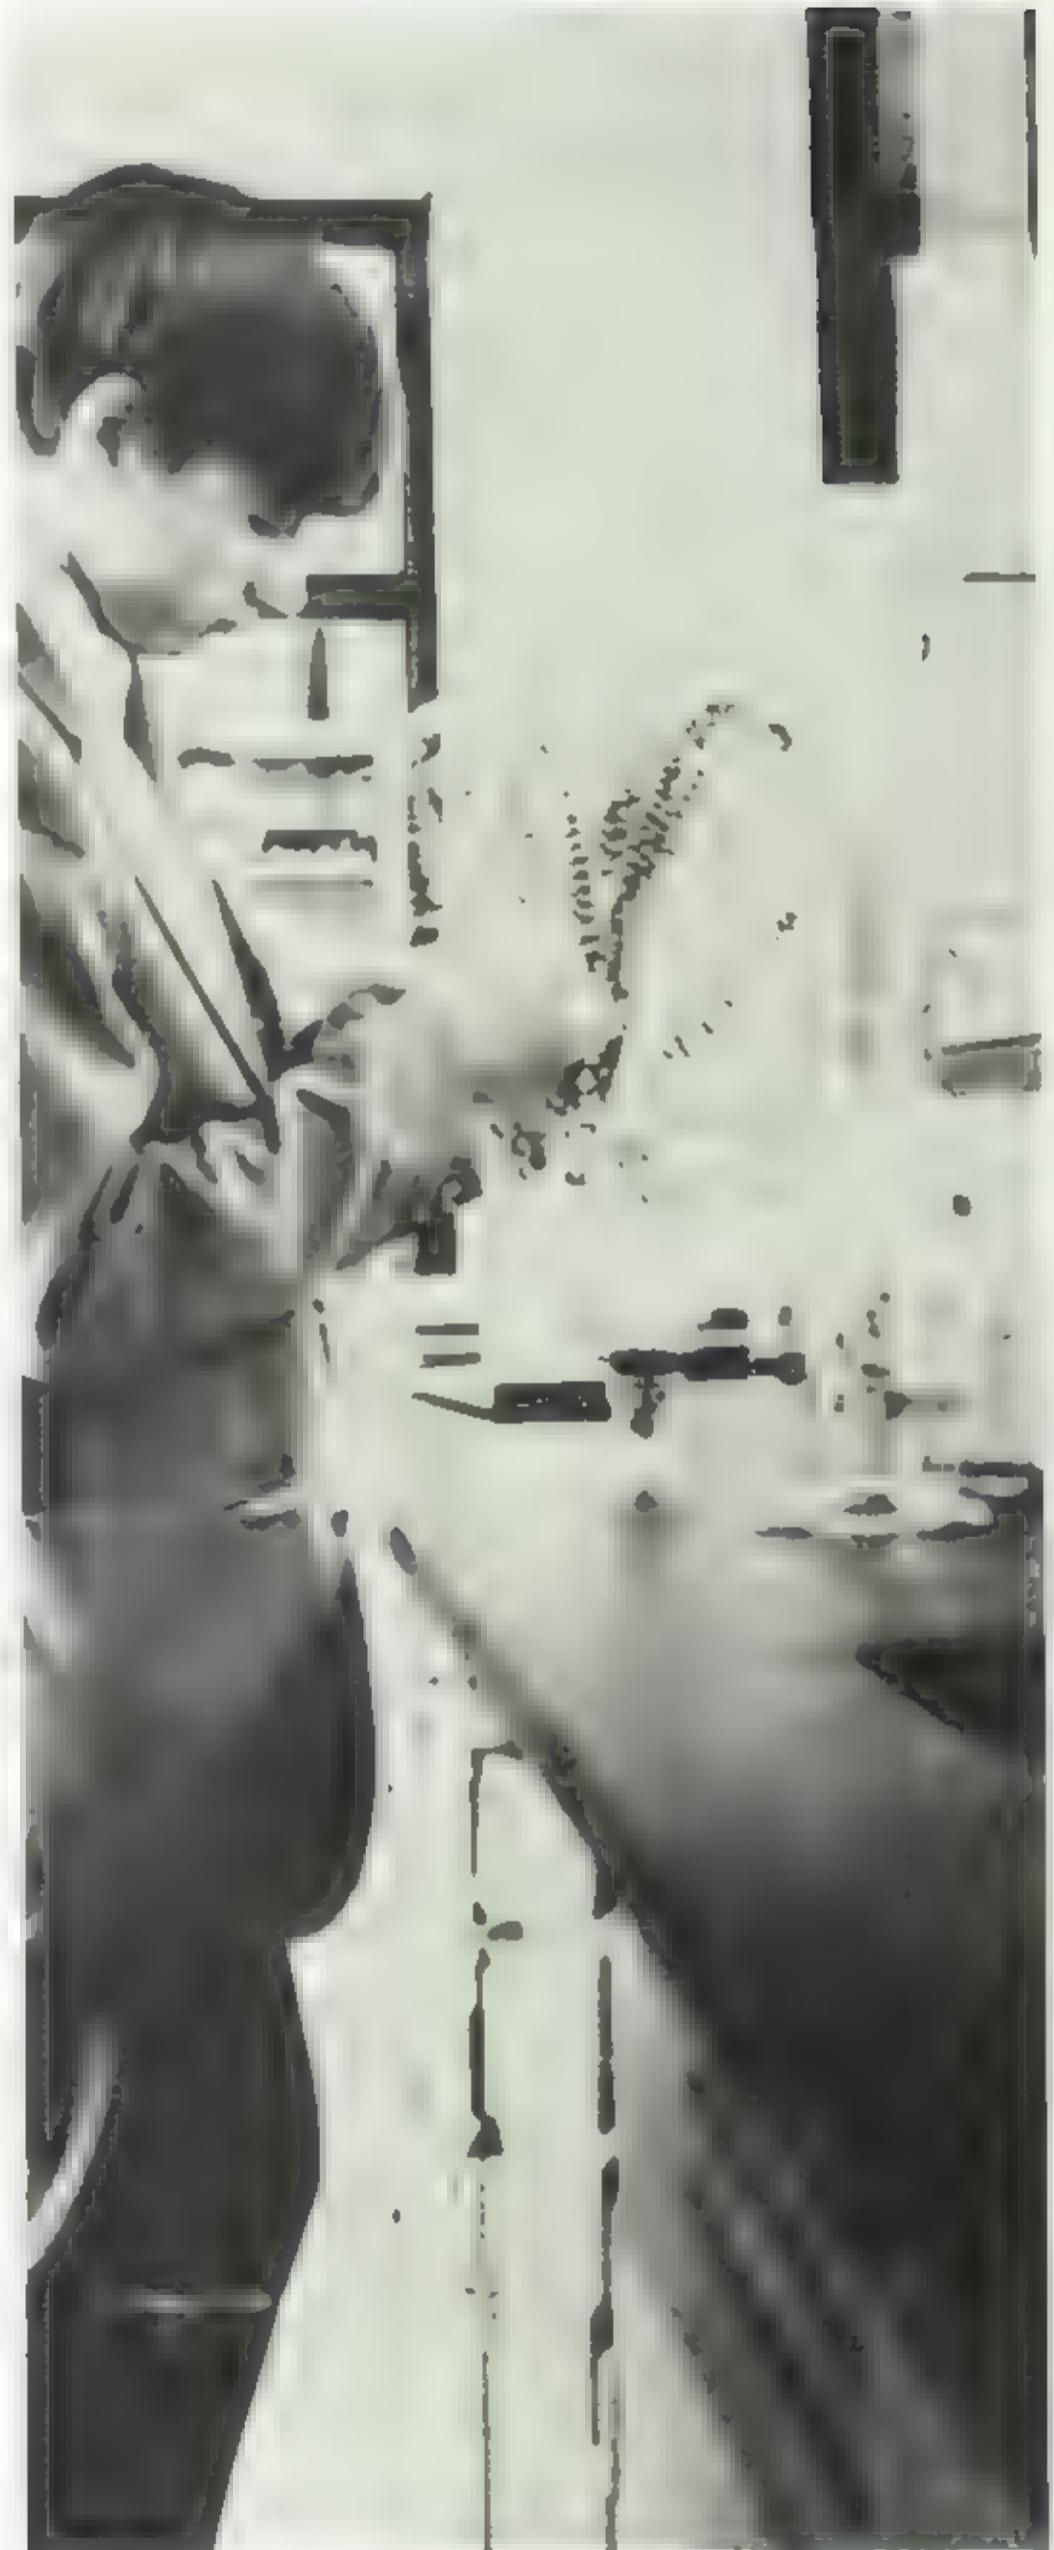

The St. John's outstanding team of concentrating chessmen collected an overwhelming amount of victories. The checkered-board boys repeated in establishing themselves as formidable opponents this year, lead by the trio of experienced seniors: Jerome Glinka, Tom McMahon, and Dave Pierce

SCIENCE CLUB

Due to the possibility that several scholars' love for biology, chemistry or physics may not be satisfied in the classroom, the Science Club is available to augment their knowledge. Various members have displayed their talent in Science Fairs and science exhibitions.

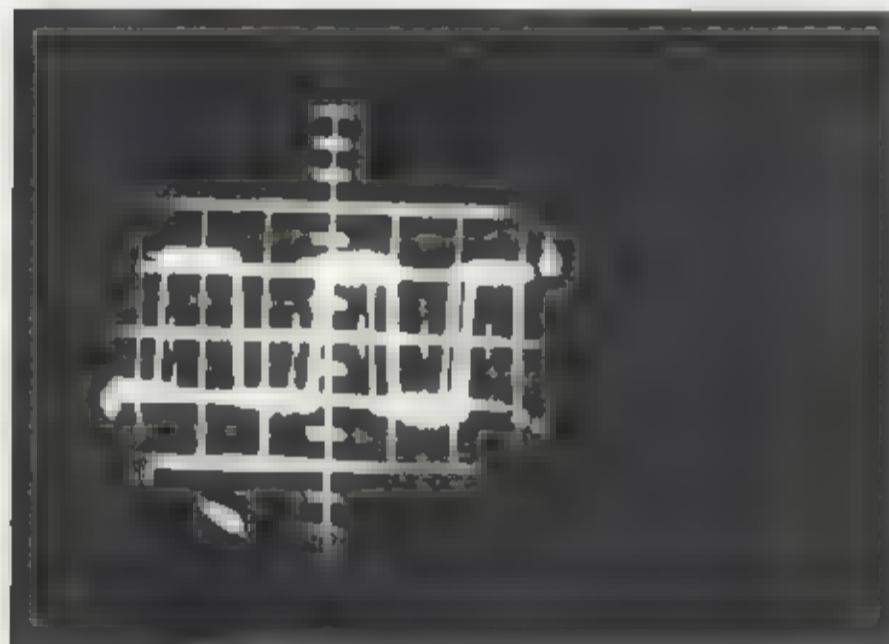

SPORTS

You ain't seen nothing yet.

- Al Jolson

RADIO CLUB

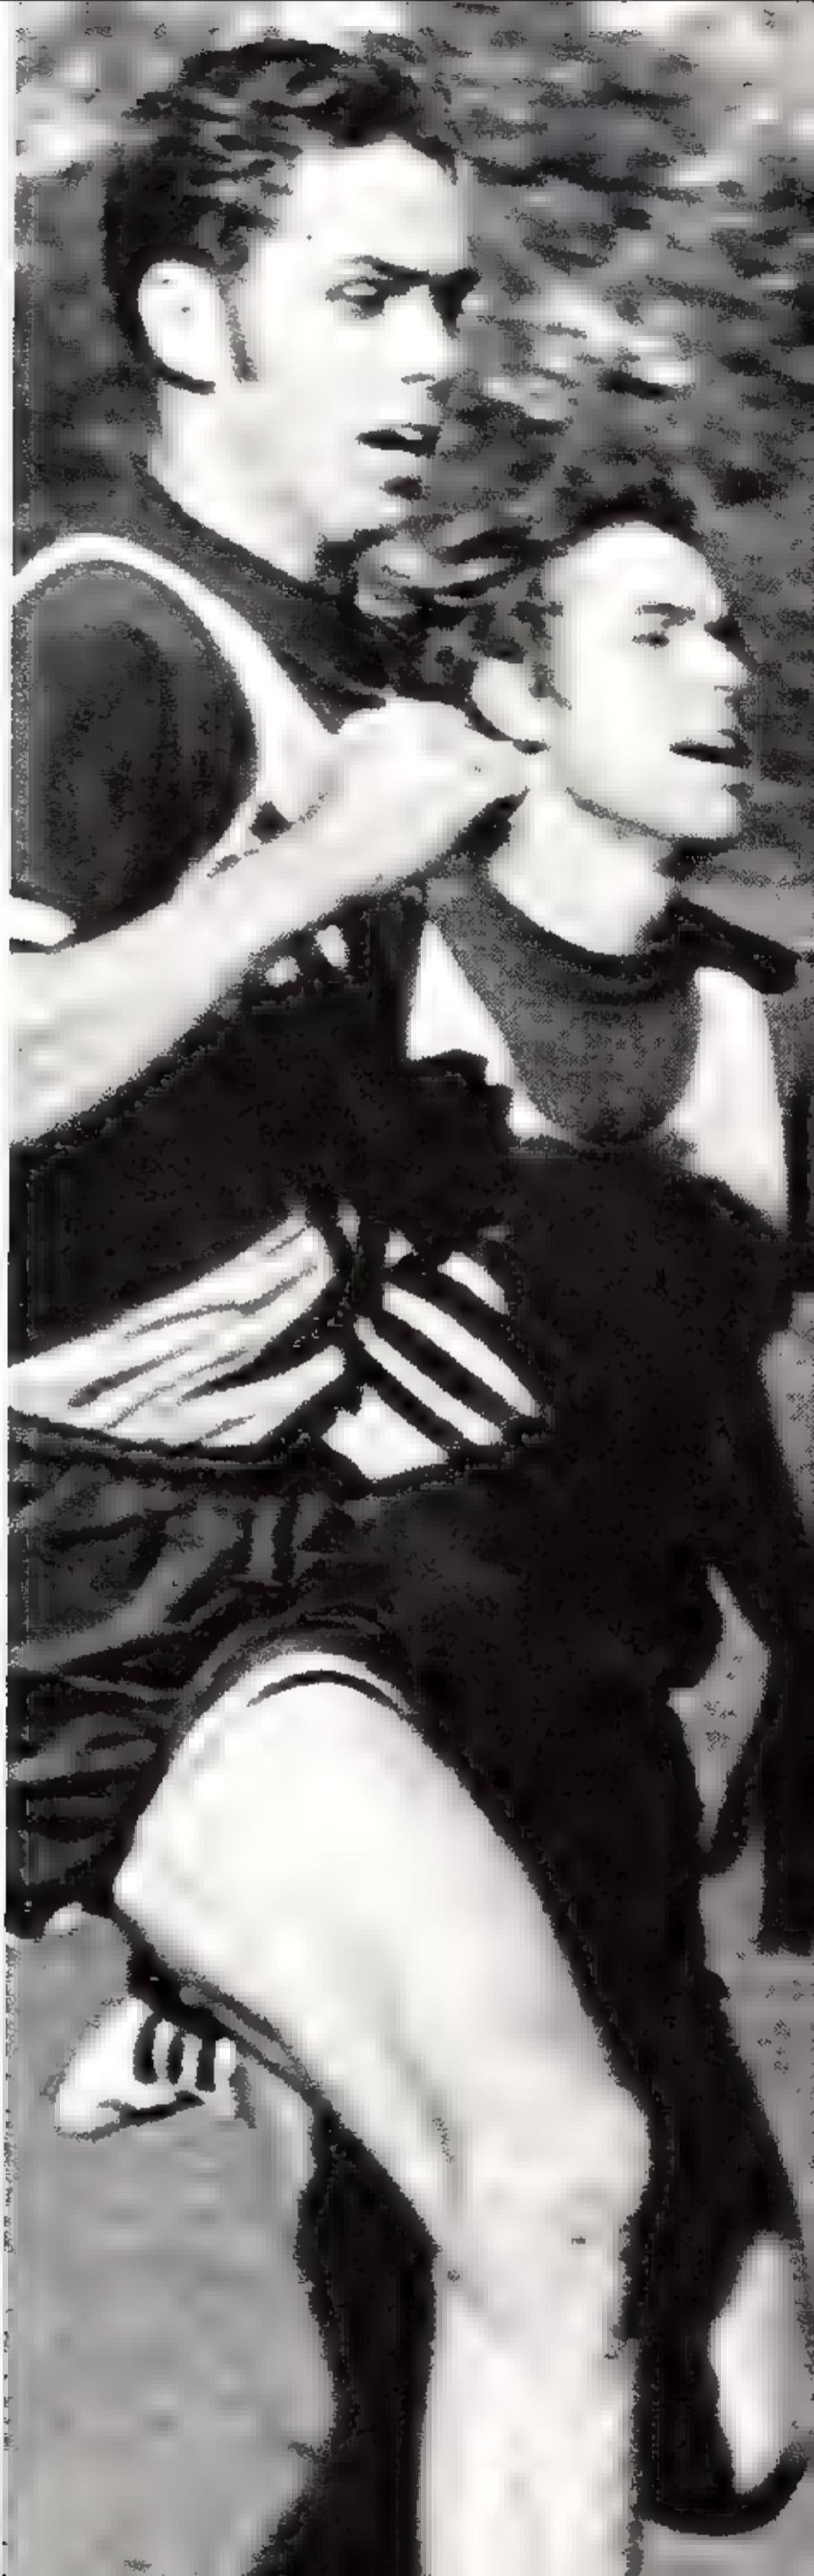

Receiving waves from the outside world, the radio club intercepts and releases information and messages. Brother Sebian, the moderator, instructs his followers on how to communicate with the other hams.

Bowling

There exists several members of the student body who would rather not clash on a football field but prefer striking in an alley. For them the leisure of bowling satisfies their personal demand for entertainment. Enthusiastically coached by Father Malone the boys were shown the correct technique and fared well in the competition offered in the American and National Bowling Leagues.

Latin League

The Latin League was organized this year for those students who were studying this classical language. Directed by Mr. Gillespie they delved into the works and lives of such greats as Ceasar and Cicero and thus received a greater appreciation of the father of modern languages

VOLUNTEERS

The Saint John's Volunteers again rendered their services to Toledo and nearby communities. Through their efforts of tutoring and guiding the less educated and less fortunate they brought honor to themselves and to their school.

CROSS COUNTRY

Heat, sweat, rain,
mud, hills, nausea,
frost, shin-splints, cramps,
fatigue, thirst, anger,
despair, joy, victory . . . Cross Country.

POSTER CLUB

Mr. Brady painted up a storm
in the poster club this year
Decorating the surrounding walls
of St. John's. Mr. Brady and his
little helpers contributed to the
student body spirit

CAMPION HALL

The Little Theatre resounded with laughter as Campion Hall presented *My 3 Angels* in November. In March the thesbians, to everyone's amazement, brought to life *Richard II*. Mr. Edwards and Mr. Bolger, co-directors and producers, contributed their skill and intestinal fortitude to making the productions a success.

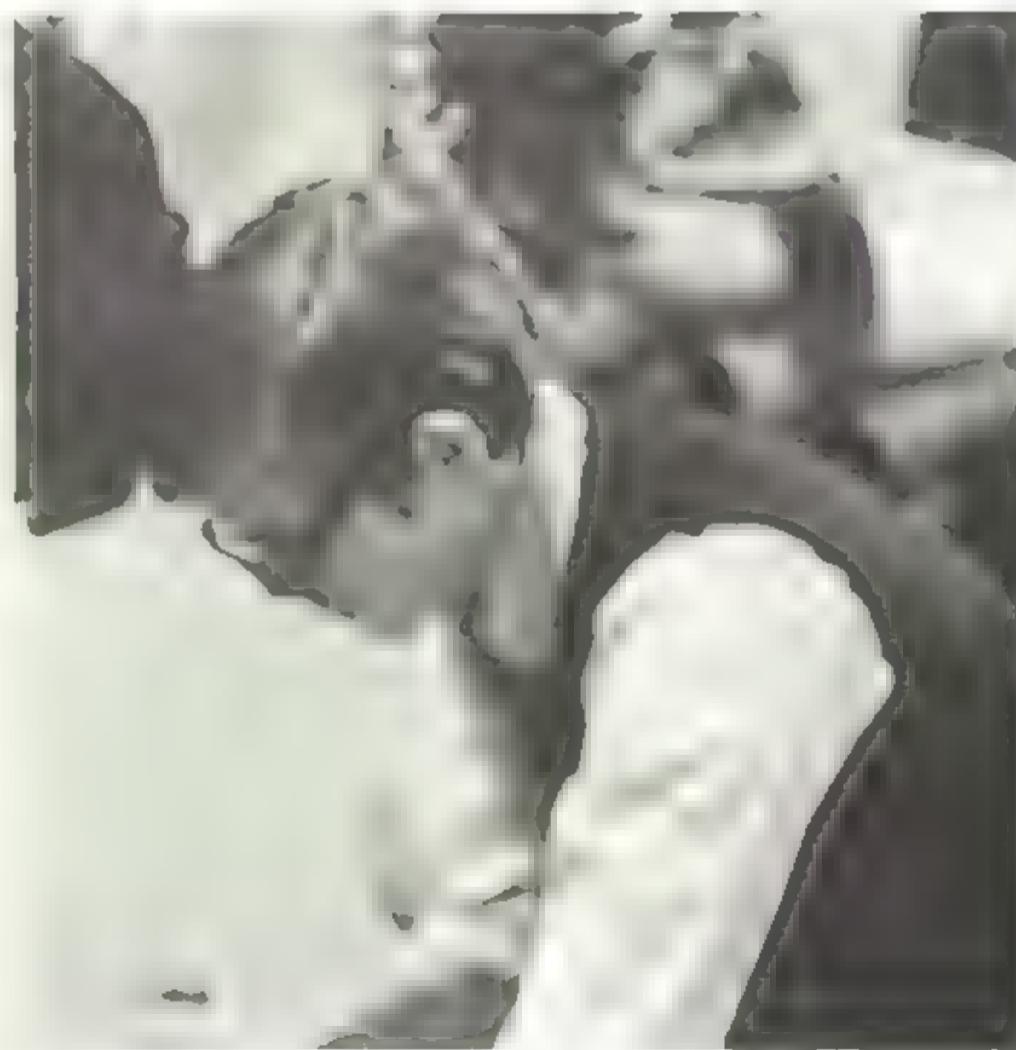

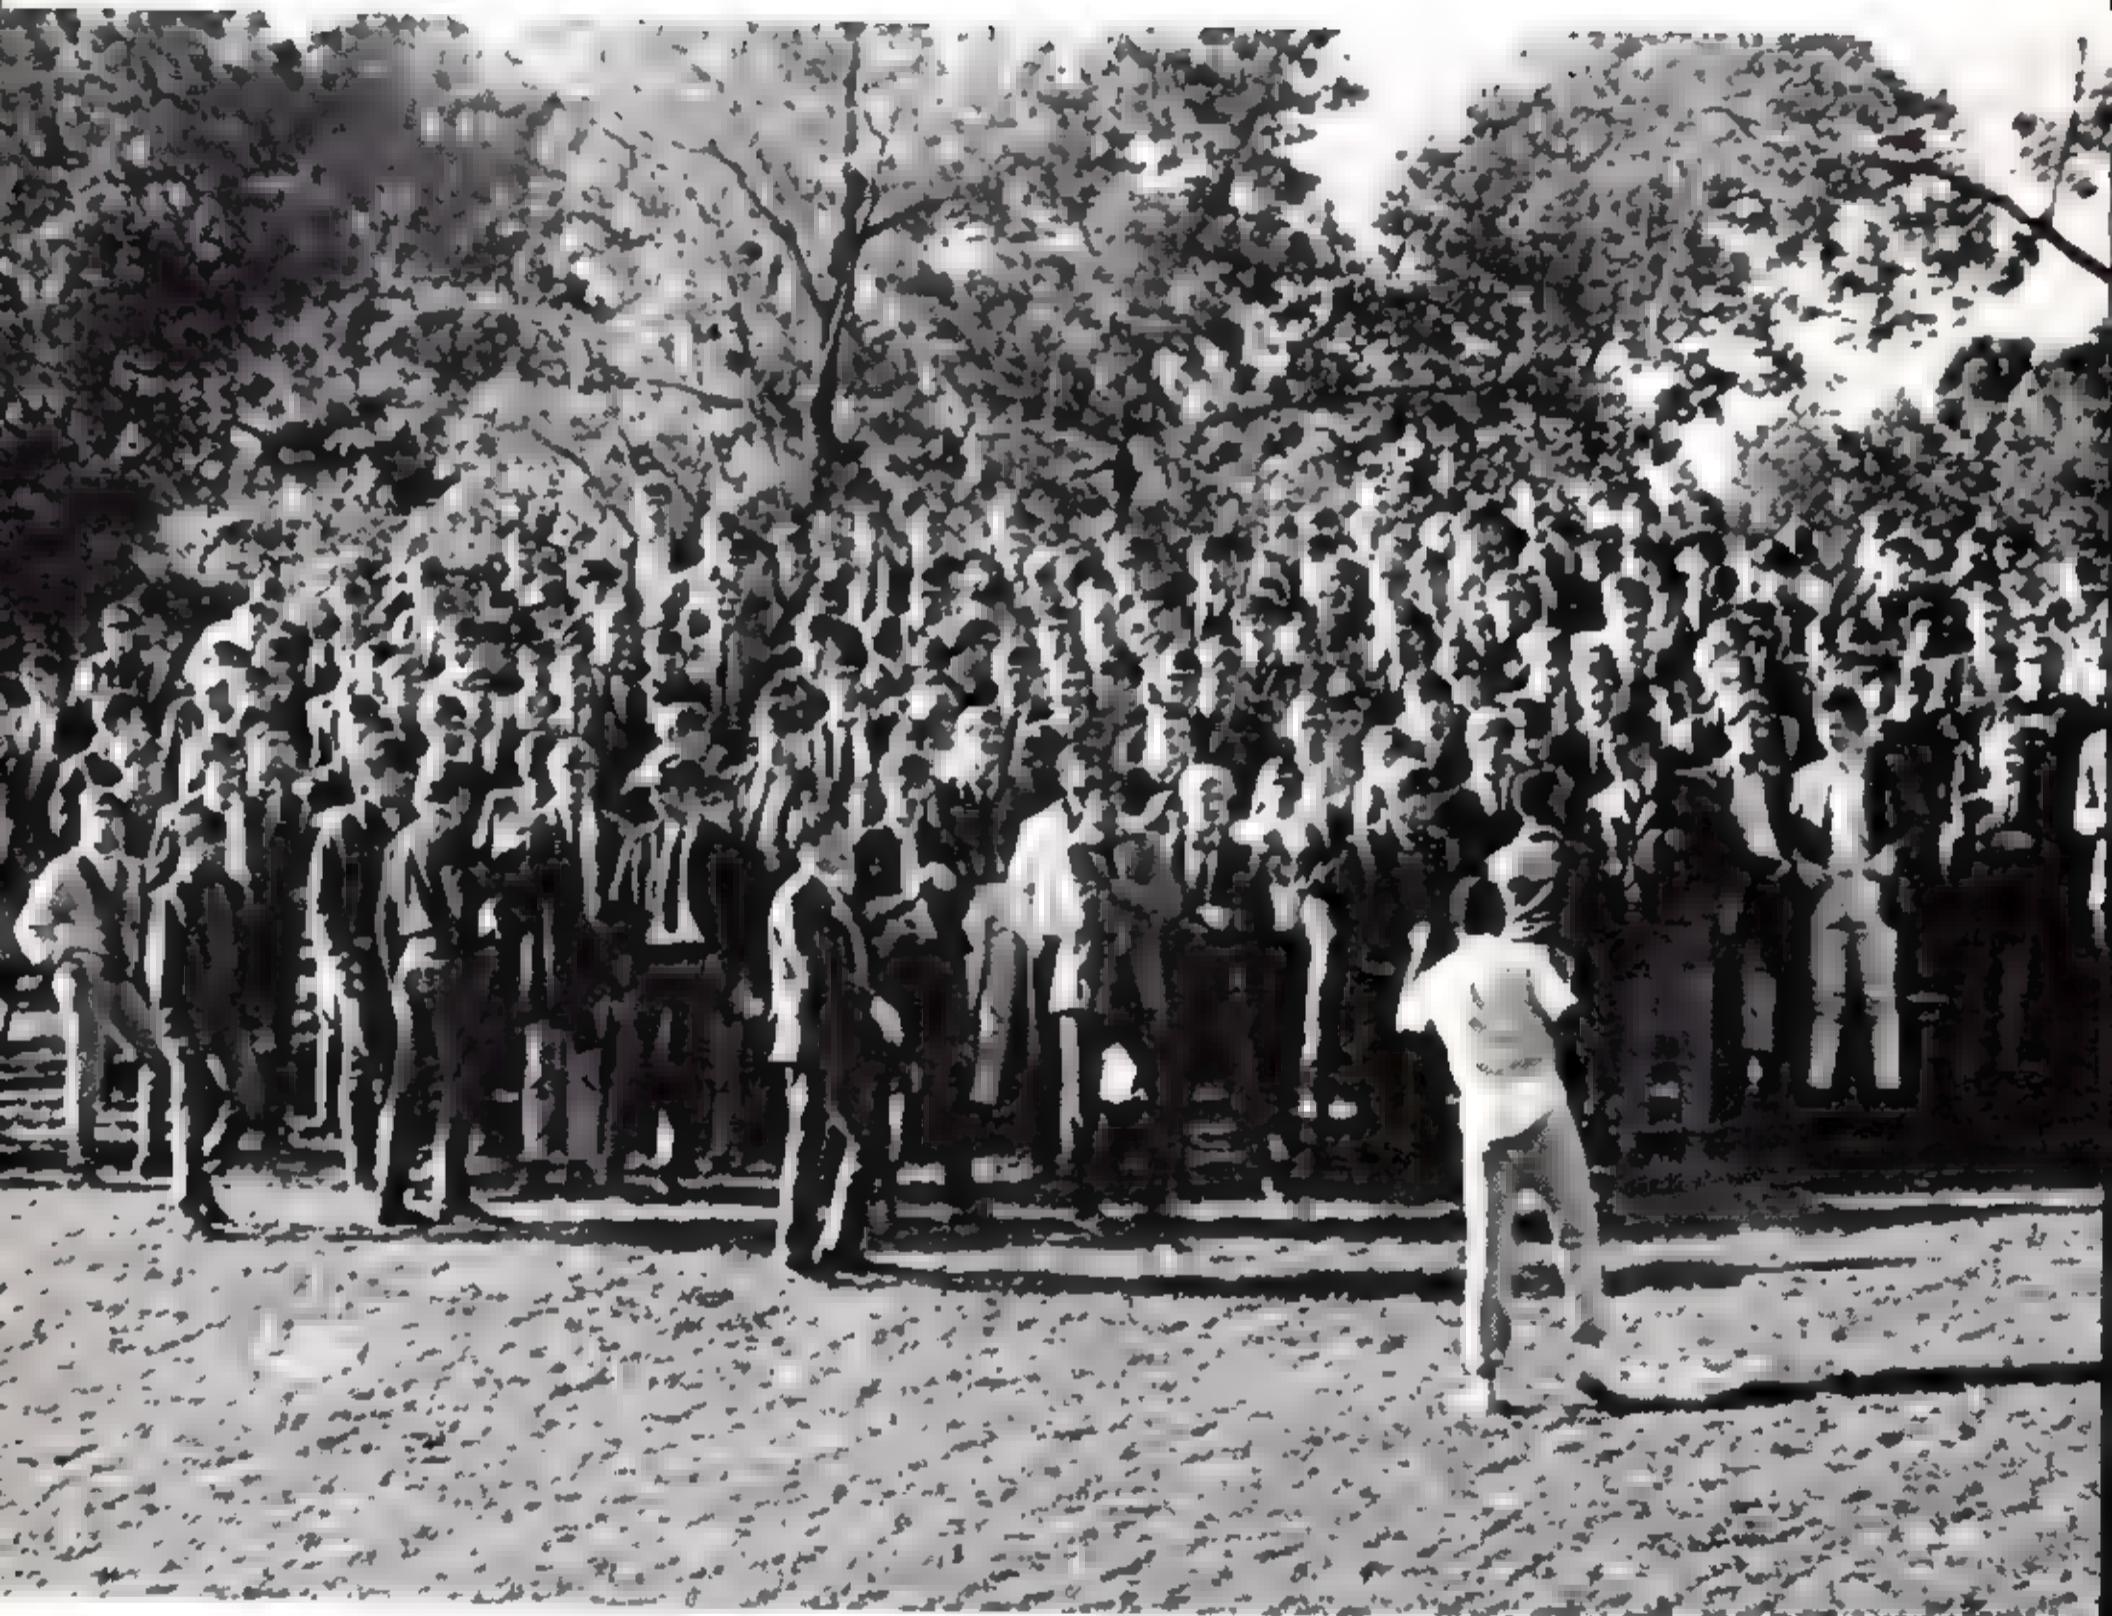

TECHNICAL CREW

The Technical Crew for Campion Hall was a big part in its plays successes. Aided this year by a new dimmer system the crew was able to cope with many difficult scenes requiring special lighting effects. The crew consisted of men from all classes and assures Campion Hall of many superb stages in the future

FORENSICS

Although getting off to a slow start early in the season, both the Debators and the Individual Events men had come close to victory several times, barely edged out in the semi-finals. Our debators swept to a Class "C" victory at the Roger's invitational and Mike Kulwicki and Ed Gray both made the semi-finals at the District Tournament held at Bowling Green State University. Even though they fared just about average, the experience they gained will make them formidable contenders next year.

HOOMEOMING

For the first time in the history of St. John's, the student body witnessed the Homecoming debut. During the Homecoming Dance the Queen, Randi O'Reilly, was chosen among the five candidates selected by the senior class. The highlight of the event occurred during the Homecoming Game when the girls were escorted onto the field and the Queen was crowned.

STUDENT COUNCIL

Through the leadership of its officers the Student Council has brought about many changes in our administrative and social policies. They initiated many traditions that will be carried out through the years. The Homecoming Weekend, Christmas Dance, the Rally Committee and the Open Forums are good examples of what leadership, unity, hard work and sacrifice can accomplish.

Titan JVs Pound Foes; Now 10-4

St. John's highly successful junior varsity eagles currently possess an outstanding 10-4 record and are contenders for the championship of the City League's Blue Division. Coach Corrigan's unit has suffered three league losses but has swept through Blue Division competition without a defeat. The JVs feature a fast-breaking offense that has compiled an average of nearly 55 points per contest.

The Titans scored a big win

Dec. 19 when they

FOOTBALL

3:30. Practice again. Sweat, blood, and the taste of dirt. Bodies bruised and battered pound one another ruthlessly. Is it worth it? All City honors. All Academic recognition. Second place in the Blue division. Respect. Need we say more?

BASKETBALL

The Titan Varsity suffered through another losing season, tasting victory only at the start. The squad never despaired, continuously attempting the late comeback but constantly running out of time. However the Junior Varsity had an altogether different season, marching over their opponents and emerging victorious as City Champions.

A MOMENT FOR GOOD LIVING*

I don't know what your destiny will be, but one thing I know: The only ones among you who will be really happy are those who will have sought and found how to serve.

Dr. Albert Schweitzer

WRESTLING

The wrestlers displayed a winning spirit suffering only one setback throughout the entire season. In tournament action, our grapplers faired equally well as indicated by their strong third place finish in the City League Championships. Several returning lettermen and an undefeated Junior Varsity assure their continued success.

Fiberglas cord is making tracks.

These tough glass fibers from Owens Corning add safety and performance to tires on most 1970 Detroit cars. They form the fabric that protects Apollo space suits from temperature and fire.

And Fiberglas® reinforcements put strength and durability into a majority of pleasure boat hulls built today. In fact, it's estimated there are more than 33,000 ways Fiberglas materials can profitably replace metals, wood or cloth. They're a ready fit in many of these uses right now, moving fast into others.

Your career could make tracks at Owens Corning too. There are hundreds of opportunities. For information, write us:

ACTIVITIES

The idle man does not know what it is to enjoy rest. Hard work, moreover, not only tends to give us rest for the body, but, what is even more important, peace to the mind.

- Sir John Lubbock

TITAN BAND

The St. John's marching band not only made flashy appearances on the football field but also enhanced the atmosphere at SJ by playing at such events as the Open House and the Christmas Festival

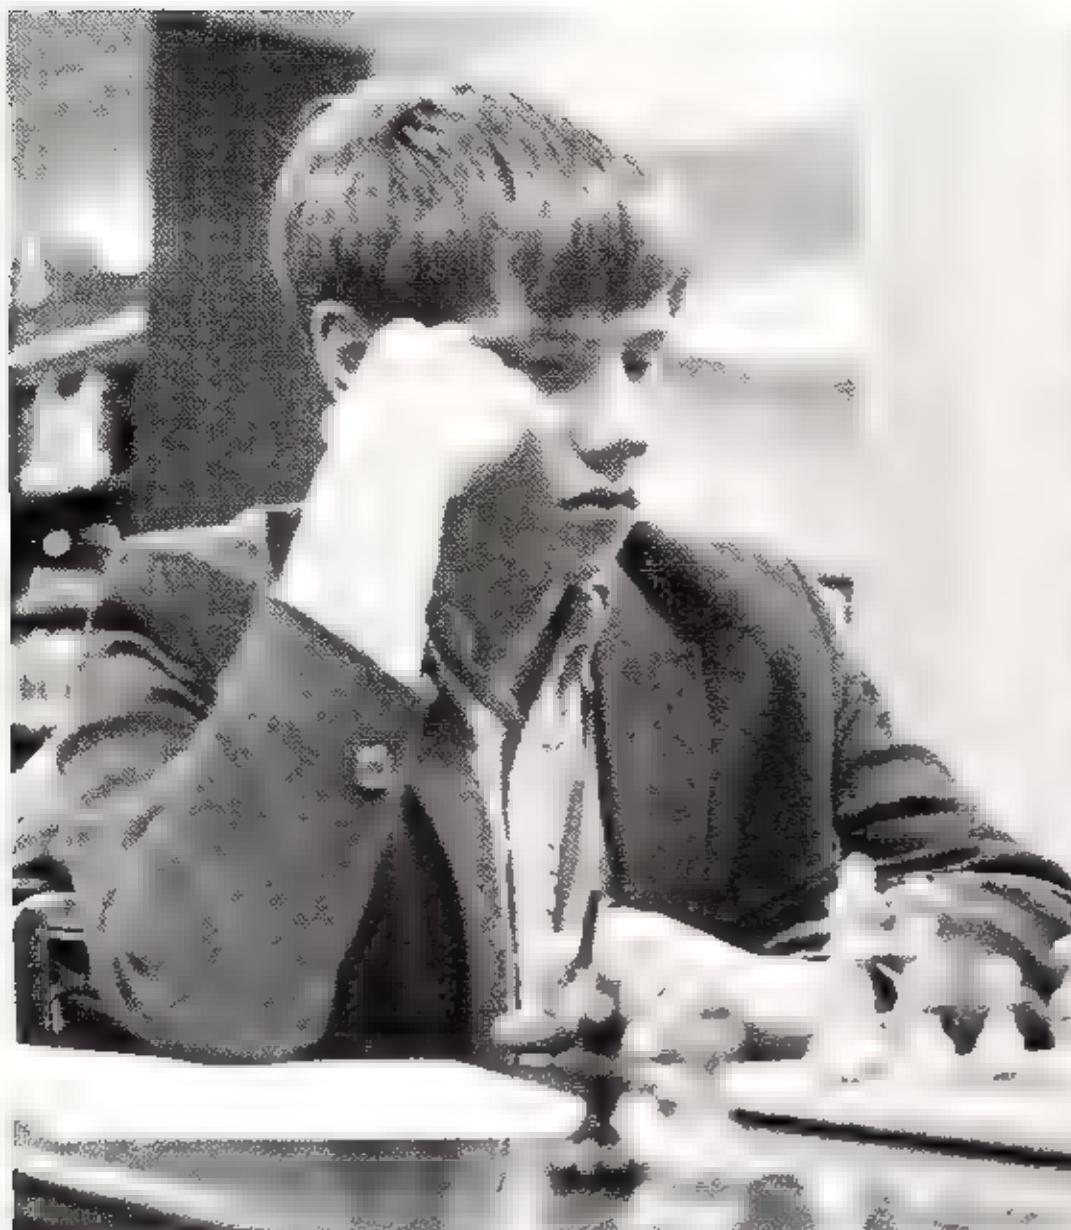

CHESS CLUB

The St. John's outstanding team of concentrating chessmen collected an overwhelming amount of victories. The checked-board boys repeated in establishing themselves as formidable opponents this year, lead by the trio of experienced seniors; Jerome Glinka, Tom McMahon, and Dave Pierce.

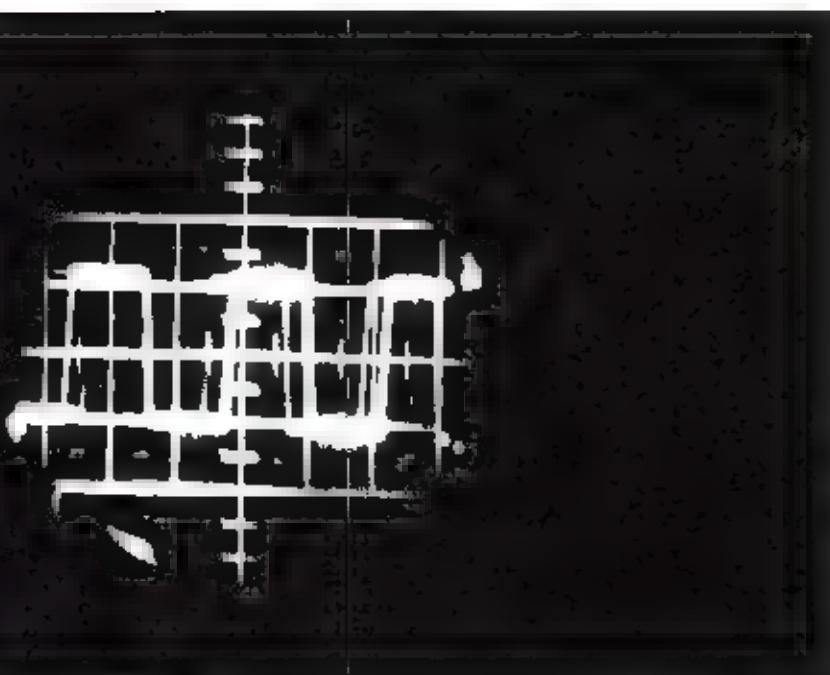

SCIENCE CLUB

Due to the possibility that several scholars' love for biology, chemistry, or physics may not be satisfied in the classroom, the Science Club is available to augment their knowledge. Various members have displayed their talent in Science Fairs and school exhibitions.

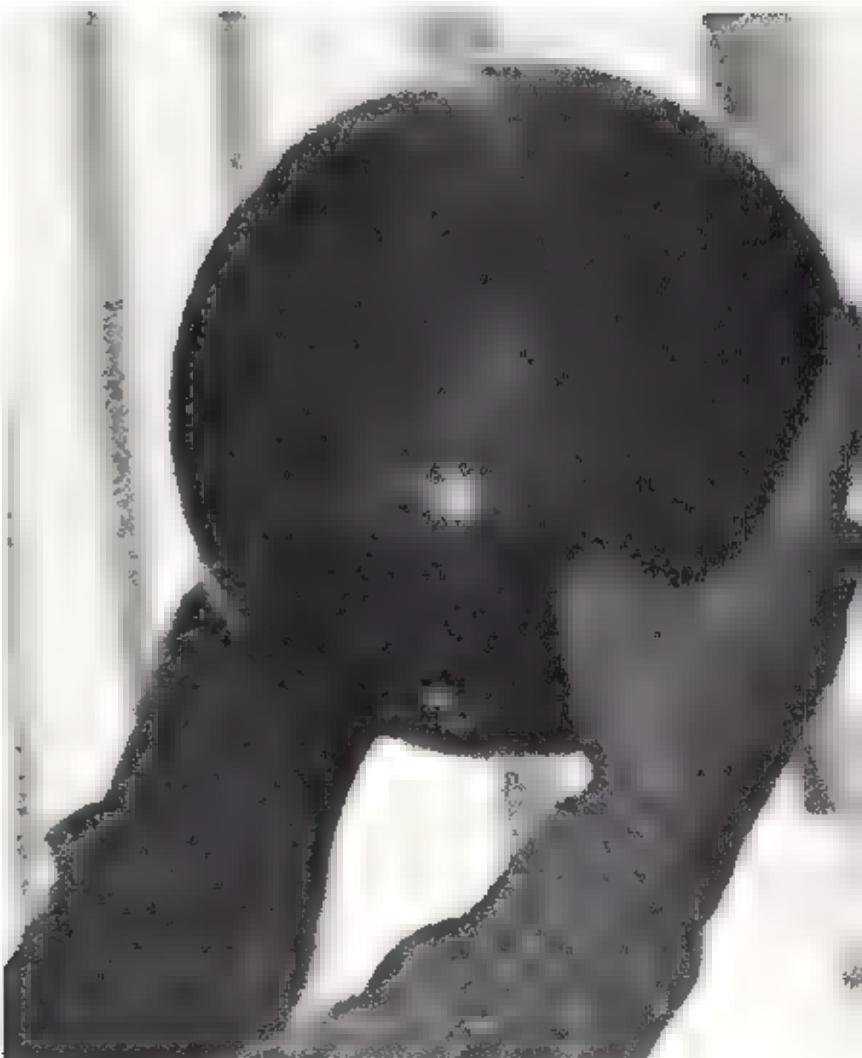

RADIO CLUB

Receiving waves from the outside world, the radio club intercepts and releases information and messages. Brother Sebian, the moderator, instructs his followers on how to communicate with the other hams.

Bowling

There exists several members of the student body who would rather not clash on a football field but prefer striking in an alley. For them the leisure of bowling satisfies their personal demand for entertainment. Enthusiastically coached by Father Maline the boys were shown the correct technique and fared well in the competition offered in the American and National Bowling Leagues.

Latin League

The Latin League was organized this year for those students who were studying this classical language. Directed by Mr. Gillespie they delved into the works and lives of such greats as Ceasar and Cicero and thus received a greater appreciation of the father of modern languages.

VOLUNTEERS

The Saint John's Volunteers again rendered their services to Toledo and nearby communities. Through their efforts of tutoring and guiding the less educated and less fortunate they brought honor to themselves and to their school.

POSTER CLUB

Mr. Brady painted up a storm in the poster club this year. Decorating the surrounding walls of St. John's, Mr. Brady and his little helpers contributed to the student body spirit.

CAMPION HALL

The Little Theatre resounded with laughter as Campion Hall presented *My 3 Angels* in November. In March, the thesbians, to everyone's amazement, brought to life *Richard II*. Mr. Edwards and Mr. Bolger, co-directors and producers, contributed their skill and intestinal fortitude to making the productions a success.

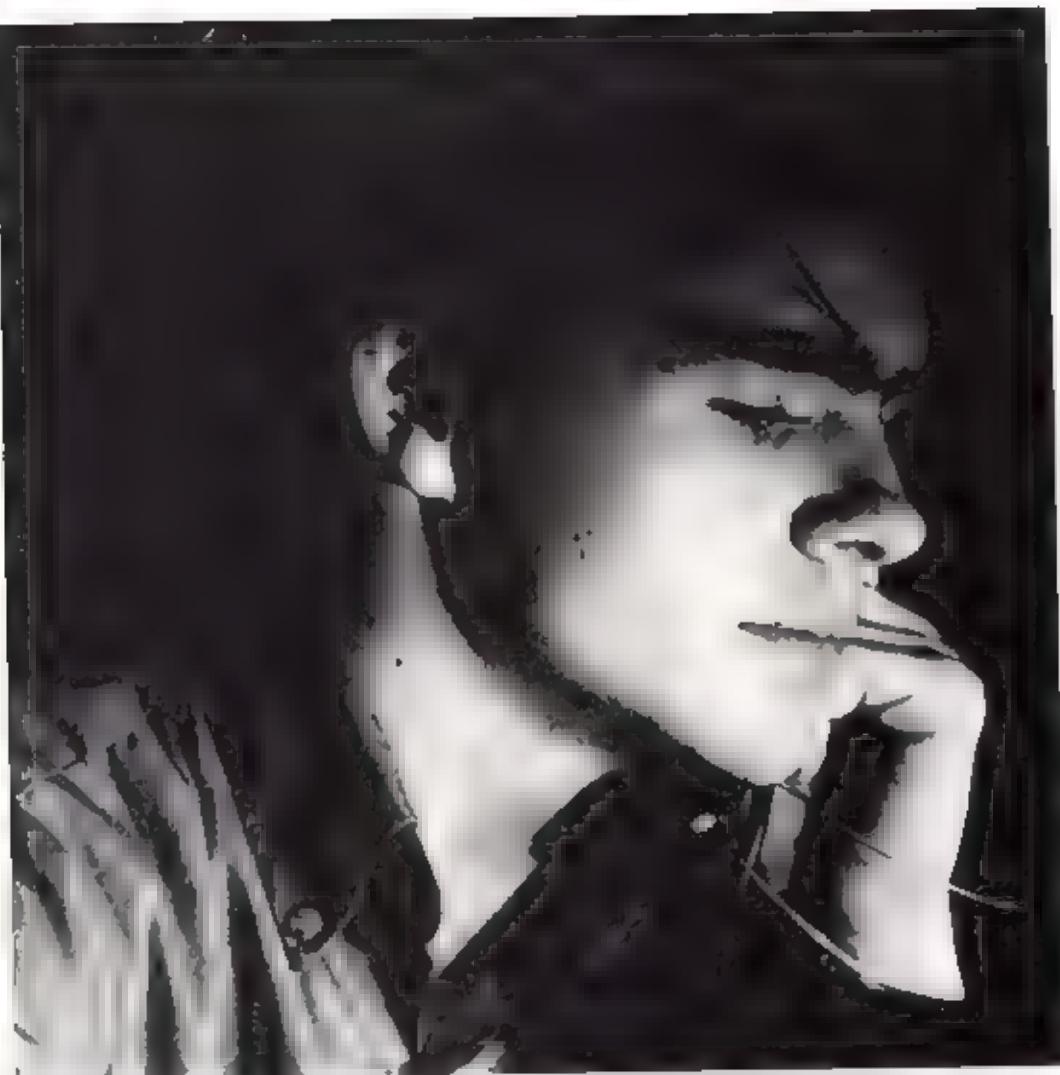

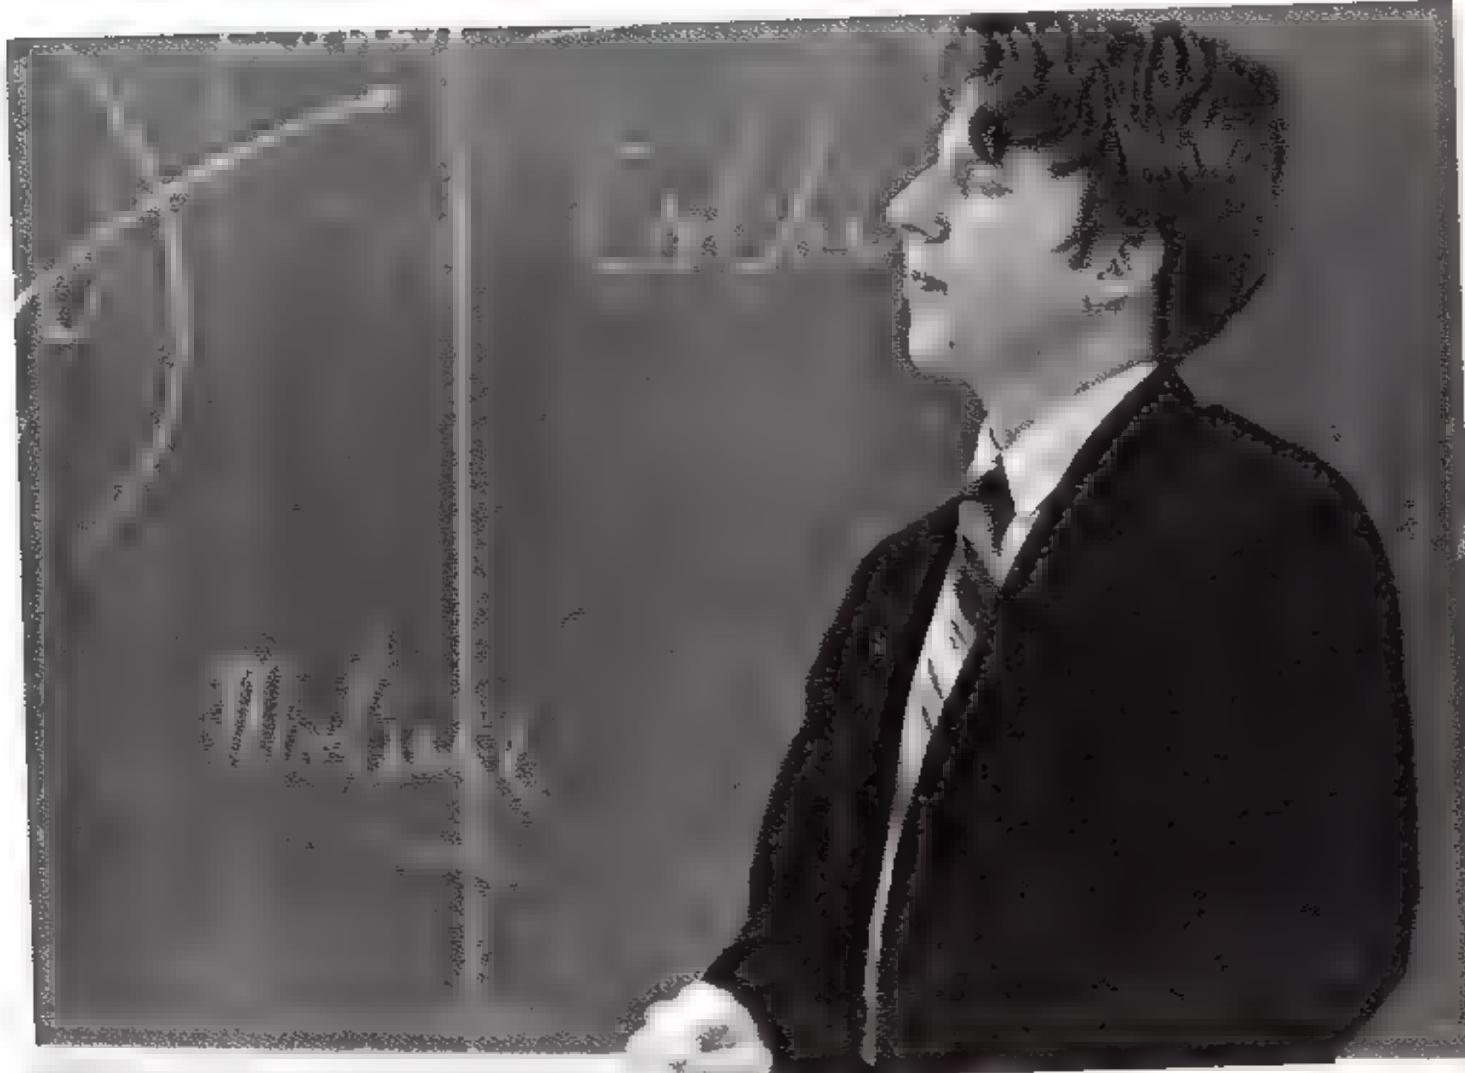

TECHNICAL CREW

The Technical Crew for Campion Hall was a big part in its plays' successes. Aided this year by a new dimmer system the crew was able to cope with many difficult scenes requiring special lighting effects. The crew consisted of men from all classes and assures Campion Hall of many superb stages in the future.

FORENSICS

Although getting off to a slow start early in the season, both the Debators and the Individual Events men had come close to victory several times, barely edged out in the semi-finals. Our debators swept to a Class "C" victory at the Roger's invitational and Mike Kulwicki and Ed Gray both made the semi-finals at the District Tournament held at Bowling Green State University. Even though they fared just about average, the experience they gained will make them formidable contenders next year.

HOECOMIN

For the first time in the history of St. John's, the student body witnessed the Homecoming debut. During the Homecoming Dance the Queen, Randi O'Reilly, was chosen among the five candidates selected by the senior class. The highlight of the event occurred during the Homecoming Game when the girls were escorted onto the field and the Queen was crowned.

STUDENT COUNCIL

Through the leadership of its officers the Student Council has brought about many changes in our administrative and social policies. They initiated many traditions that will be carried out through the years. The Homecoming Weekend, Christmas Dance, the Rally Committee and the Open Forums are good examples of what leadership, unity, hard work and sacrifice can accomplish.

A MOMENT FOR GOOD LIVING*

I don't know what your destiny will be, but one thing I know: The only ones among you who will be really happy are those who will have sought and found how to serve.

Dr. Albert Schweitzer

MAUMEE, OHIO

Fiberglas cord is making tracks.

These tough glass fibers from Owens-Corning add safety and performance to tires on most 1970 Detroit cars. They form the fabric that protects Apollo space suits from temperature and fire.

And Fiberglas* reinforcements put strength and durability into a majority of pleasure-boat hulls built today. In fact, it's estimated there are more than 33,000 ways Fiberglas materials can profitably replace metals, wood or cloth. They're already in many of these uses right now, moving fast into others.

Your career could make tracks at Owens-Corning too. There are hundreds of opportunities. For information, write us: Owens-Corning Fiberglas Corporation, Fiberglas Tower, Toledo, Ohio 43601.
